

CITY OF LODI

COUNCIL COMMUNICATION

AGENDA TITLE: Purchase of Police Patrol Vehicles

MEETING DATE: April 21, 1993

PREPARED BY: Public Works Director

RECOMMENDED ACTION: That the City Council direct the City Attorney to write a resolution to purchase three police patrol sedans from either Downtown Ford of Sacramento, California, the low bidder who was awarded the contract from the State of California, Office of Procurement, or from Geweke Ford, the local dealer, and then adopt said resolution, and authorize the purchase and installation of emergency equipment for those same three vehicles.

BACKGROUND INFORMATION: Three police patrol sedans were included in the 1992/93 fiscal year budget. The patrol vehicle we now use is the Ford Crown Victoria four-door sedan, CHP Special Service Vehicle. On March 5, 1993, bids were opened by the State of California, Department of General Services, Office of Procurement, for the CHP Special Service Vehicle, Class E. The low bidder was Downtown Ford with a base price of \$13,564 each. The car is the Crown Victoria four-door sedan. With the options that the City of Lodi needs to match with the patrol vehicles already in service, the total cost per vehicle, if purchased through Downtown Ford, is \$16,859.02, including tax.

Geweke Ford, the local dealer for the Ford Crown Victoria, can obtain the identical vehicles, including options, at a cost of \$16,961.47 per vehicle, including tax.

San Joaquin County is purchasing their 1993 Crown Victorias through Geweke Ford without going through the formal bid process. The Council should consider the 1% local sales tax credit of \$157.42 per car.

The manufacturer's deadline for placing an order is April 28, 1993, whether purchased through the Office of Procurement (Downtown Ford) or Geweke Ford, so an immediate decision by the Council is necessary.

Additionally, because the Dodge Diplomats we used for ten years are no longer in production, there are emergency equipment costs of \$4,193 per car necessary to equip each car for service; i.e., back seat, protective screen, shotgun rack, radio rack, push bumper, etc. This equipment will not be installed by either Downtown Ford or Geweke Ford; it was included in the 12 Equipment Fund account budget number listed below.
